

17th Annual Oregon Cardiovascular Symposium
Virtual - 2020
CME - 17.5 Hours plus 3 Hours for Independent CME
CEU - 21.25 Contact Hours

Independent CME Activity: Mastering the Art of Prior Authorization to Improve Patient Access to PCSK9 Inhibitors

James Underberg, MS, MD, FACPM, FACP, FNLA, NYU Langone Health

Independent CME Activity: Redefining the Role of Cardiologists in the Management of Type 2 Diabetes: Best Practices for Cardiovascular Risk Reduction

Silvio Inzucchi, MD, Yale School of Medicine

Independent CME Activity: Dual Antiplatelet Therapy in Coronary Artery Disease: New Guidelines and Beyond

L. Kristin Newby, MD, MHS, Duke University

Keto, Paleo, Fasting – Oh My? Navigating the Evidence for a Cardioprotective Diet

Tracy Severson, RD, LD, OHSU

Shared Decision Making in the Treatment of Cardiac Disease

Dan Matlock, MD, MPH, University of Colorado

High Sensitivity Troponin, Type 2 MI, and the Everchanging Definition of Myocardial Infarctions

James de Lemos, MD, PhD, UT Southwestern

Intersection of Antiplatelet and Anticoagulant Therapy – How to Best Manage Patients Who Need Both?

L. Kristin Newby, MD, MHS, Duke University

Novel Strategies Screening for CVD – Genetics, Biomarkers, Imaging, etc.

James de Lemos, MD, PhD, UT Southwestern

The Tricuspid Valve – Current Therapies and Updates on Tricuspid Valve Management

Vinod Thourani, MD, FACS, FACC, Piedmont Heart Institute

Role of Biomarkers and Imaging in CVD Prevention

Michael Shapiro, DO, FACC, Wake Forest University

Low and Moderate Risk Severe Aortic Stenosis – How to Develop a 20 - 30 Year Plan – TAVR, SAVR, and Valve in Valve Treatment Strategies

Vinod Thourani, MD, FACS, FACC, Piedmont Heart Institute

Advanced Heart Failure – When to Refer for Advanced Therapies and When to Refer to Hospice

James Fang, MD, University of Utah

Cardiovascular Complications of COVID-19 and Roundtable Discussion

Ty Gluckman, MD, FACC, Providence Heart and Vascular

Top 10 Clinical Pearls in Treating Heart Failure

James Fang, MD, University of Utah

Surgical and Interventional Left Atrial Appendage Closure – Are We Sure This is Beneficial?

Matthew Brennan, MD, MPH, Duke University

Hypertension Guidelines – Debating the Goals

Matthew Sorrentino, MD, FACC, FAHA, University of Chicago

Combining Anatomic and Functional Information in the Assessment of CAD – Coronary CTA with Fractional Flow Reserve

Maros Ferencik, MD, PhD, OHSU

16th Annual Oregon Cardiovascular Symposium
Sheraton Portland Airport Hotel
Friday, May 3rd – 7:00 am – 5:40 pm and Saturday, May 4th – 7:00 am – 4:50 pm
CME – 13.75 Hours plus 3 Hours for Independent CME
CEU – 18 Contact Hours

Friday, May 3, 2019 - 16th Annual Oregon Cardiovascular Symposium - Day 1

Indep. CME Activity – Advances in Heart Failure Management: How Will Recent Guideline Changes Impact Your Treatment Selections?

Gregg Fonarow, MD, FACC, FAHA, FHFA, Ahmanson-UCLA Cardiomyopathy Center

When Epidemics Collide: Obesity and HFpEF

Barry Borlaug, MD, Mayo Clinic

Cardio-Oncology - Drugs that Damage the Heart - Prevention, Treatment, Tailoring Therapies

Ana Barac, MD, PhD, FACC, MedStar Heart and Vascular Institute, Georgetown University

Pulmonary Hypertension and Right Ventricular Dysfunction in Heart Failure

Barry Borlaug, MD, Mayo Clinic

Heart Failure Transition Care

Nancy Albert, PhD, CCNS, CHFNC, CCRN, NE-BC, FAHA, FCCM, FHFA, FAAN, Cleveland Clinic

Lunch – Independent CME Activity: The Inflammation Theory of CV Disease

David Morrow, MD, MPH, Brigham and Women's Hospital

Intra-operative and Post-operative Right Heart Failure - How to Avoid and How to Treat

Kevin Koomalsingh MD, University of Washington

The Cabana Trial: Is Ablation for Afib a Waste of Time?

Jon Piccini, MD, MHS, Duke University Medical Center

Making Sense of COAPT and Future Directions for Severe Functional Mitral Regurgitation

Michael Mack, MD, FACC, Baylor Health Care System

Managing Atrial Fibrillation in a Heart Failure Setting – Pursuit of the Sweet Spot

Jon Piccini, MD, MHS, Duke University Medical Center

TAVR vs SAVR in Low and Moderate Risk

Michael Mack, MD, FACC, Baylor Health Care Center

Saturday, May 4, 2019 - Symposium

Independent CME Activity: Recent Evidence for PCSK9 Inhibitors in Patients with Dyslipidemia

Jennifer Robinson, MD, MPH, University of Iowa College of Public Health

Spontaneous Coronary Artery Dissection and Myocardial Infarction with Non-Obstructive Coronary Artery Disease

Malissa Wood, MD, FACC, Massachusetts General Hospital

How to Promote Provider Wellness and Prevent Burnout

Akshay Khandelwal, MD, FACC, Henry Ford Health System, ACC Board of Governors Chair

How to Use Cardiac MRI in your General Practice, in the Clinic, on the Wards

Craig Broberg, MD, FACC, OHSU

Women's Heart Health Programs

Malissa Wood, MD, FACC, Massachusetts General Hospital

Fellows Case Studies – Lunch

Pleuritic Chest Pain: More Than Meets the Eye

Sonia Hasbun, DO, Samaritan Health Services

You Don't Always Get What You Want (You Get What You Need)

Stacey Howell, MD, OHSU

Treatment Options in Amyloid Heart Disease

Steve Heitner, MBBCH, FACC, Knight Cardiovascular Institute

The Changing Microbiology of Endocarditis - When to Emergently Operate?

Matt Slater, MD, FACC, St Charles Heart and Lung Specialists

The Echocardiographic Evaluation of Athletes

Sheldon Litwin, MD, Medical University of South Carolina

Wrap-Up and Q&A

15th Annual Oregon Cardiovascular Symposium - CVT Heart Failure Course

Sheraton Portland Airport Hotel

Friday, May 4th - 8:00 am - 12:00 pm - CVT Heart Failure Course

Friday, May 4th - 12:00 pm - 5:15 pm & Saturday, May 5th - 7:30 am - 5:10 pm - Symposium

CME - 3.25 Hours for CVT & 10.5 Hours for Symposium

CEU - 4 Contact Hours for CVT & 12.8 Hours for Symposium

Friday, May 4, 2018 - CVT Heart Failure Course

Heart Failure Questions for the Electrophysiology Department- What are the Top 5 Issues and How do you Deal with Them?

Angela Krebsbach PA, OHSU

Managing Complex Heart Failure Patients with Remote Monitoring? Does PA Pressure Monitoring Help?

Jacob Abraham, MD, Providence

Review of Cardiomyopathies - Ending with Methamphetamine-Associated Cardiomyopathy

Albert Camacho, MD, OHSU

How to Treat and Care for the Methamphetamine Patient

Jessica Gregg, MD, OHSU

Heart Failure in your Patient with Diabetes

Darren McGuire, MD, University of Texas Southwestern

Friday, May 4, 2018 - Symposium

Independent CME Session #1 - Lunch

Update on Stroke Prevention in Patients with Atrial Fibrillation

Matthew Price, MD, Scripps

Cardiovascular Risk Reduction in Type 2 Diabetes - Novel Agents You Should Prescribe

Darren McGuire, University of Texas Southwestern

Transcatheter Treatment of Severe Mitral Regurgitation - MitraClip, Mitral Repair, or Mitral Replacement? How to Tailor Therapies for the Complexity of Disease

Matthew Price, MD, Scripps

Mechanical Circulatory Support for Acute Cardiogenic Shock

Navin Kapur, MD, Tufts Medical Center

Novel Pharmacologic Agents for the Treatment of Heart Failure

Daniel Fishbein, MD, University of Washington

Saturday, May 5, 2018 - Symposium

Industry Expert Theater Breakfast - Considerations for Managing Type 2 Diabetes and CV Disease Populations.... The Optimal Team Care Approach! Supported by Boehringer Ingelheim

Subclinical Atrial Fibrillation - How Much is Enough to Treat

Jon Piccini, MD, Duke

Arrhythmias in the Emergency Department and on the Wards - How to Consult, How to Treat

Jack McAnulty, MD, Legacy Health

Coronary Artery Disease in the Complex Patient - A Coronary Heart Team Approach -

William Lombardi, MD, University of Washington; Edward Soltesz, MD, Cleveland Clinic

Fellows Case Studies - Lunch - OHSU Fellows, Corvallis Fellows

Cardiovascular Consequences of Sleep Apnea

Mari Goldner, MD, The Corvallis Clinic

Treatment Options for Aortic Disease

Edward Soltesz, MD, Cleveland Clinic

Treating Atrial Fibrillation in Patients with Heart Failure, Sleep Apnea, and/or Diabetes

Jon Piccini, MD, Duke University

Heart Failure with Preserved Ejection Fraction

Daniel Fishbein, MD, University of Washington

14th Annual Oregon Cardiovascular Symposium - CVT Heart Failure Course

Sheraton Portland Airport Hotel

Friday, April 28th - 8:00 am - 12:00 pm - CVT

Friday, April 28th - 12:00 pm - 5:50 pm & Saturday, April 29th - 7:30 am - 5:00 pm - Symposium

CME - 3.5 Hours for CVT & 10.75 Hours for Symposium

CEU - 3.75 Hours for CVT & 13.85 Hours for Symposium

Friday, April 28, 2017 - CVT Heart Failure Course

Heart Failure Overview - On the Road Again--Where We Are, and Where We Can Go?

Connie Lewis, ACNP-BC, Vanderbilt University

Adherence with Heart Failure Regimens: How Can Patients and Providers Stay Motivated? - Getting Spaghetti to Stick to the Ceiling!

Adrienne Kovacs, PhD, CPsych, OHSU

Footloose and Fancy Free - I Just Want to Be Normal: Young Adults with Heart Failure

Connie Lewis, ACNP-BC, Vanderbilt University

Who Thought CHF Could be so Complicated - Caregiving and Issues that HF Couples Face

Friday, April 28, 2017 - Symposium

Independent CME Session #1 - PCME - Lunch

Managing Severe and Resistant Hypercholesterolemia: The Next Generation of LDL-C Lowering Agents

Michael Davidson, MD, University of Chicago

Hypertrophic Cardiomyopathy 2017 - When Great Ejection Fractions Go Bad

Steve Ommen, MD, Mayo Clinic

Cardiac CT....When Should We Use It? Who Will Pay for It?

Sheldon Litwin, MD, Medical University of South Carolina

Sticky Issues Regarding Platelet Inhibitor Options

Verghese Mathew, MD, Clinical Chief of Cardiology, Loyola University

The Fasting Lipid Panel...Do We Care Beyond LDL?

Michael Davidson, MD, University of Chicago

Broken Lives, Broken Hearts: The Effects of Adverse Life Events on Cardiovascular Health

David Labby, MD, Health Share of Oregon

Saturday, April 29, 2017 - Symposium

Industry Expert Theater Breakfast - Boehringer Ingelheim

Matt Budoff, MD, UCLA

STEMI 2017 - Dramatic Paradigm Shift in the Last Decade...But Still a Long Way to Go

Tim Henry, MD, Cedars Sinai

Stable Ischemia Heart Disease...Do We Have the COURAGE to Look at ISCHEMIA

David O Williams, MD, Brigham and Women's Hospital

Marijuana, Vaping and the Heart...Opinions Smolder or Go Up in Smoke

Tina Kaufman, PA-C, OHSU

Diabetes Mellitus...What Does Today's Cardiologist Need to Know

Michael Farkouh, MD, University of Toronto

Fellows Case Studies - Lunch

Allen Rassa, MD, OHSU Fellow - A Wolf in the Night; Erin Boehm, MD, OHSU Fellow - The Long and Winding Road

Lindsay Frye, DO, Samaritan Fellow - Twisted and Assisted

Athletes with Sudden Death Predisposing Genetic Heart Disease: Who Says I Can't Play Anyway?

Michael Ackerman, MD, Mayo Clinic

Ischemic and Functional MR.....When to Treat, How to Treat

Blasé Carabello, MD, East Carolina Heart Institute

State of Genetic Testing for the Cardiomyopathies and Channelopathies

Michael Ackerman, MD, Mayo Clinic

Forty Years of Aortic Stenosis: You'd think I Would Have Learned Something About It By Now

Blasé Carabello, MD, East Carolina Heart Institute

13th Annual Oregon Cardiovascular Symposium – Sheraton Portland Airport Hotel

Saturday, May 21st – 7:00 am – 5:15 pm; Sunday, May 22nd – 8:00 am – 1:00 pm

2016 – 11.5 CME Hours and 11.8 CEUs

4.25 Hours of CME/CEUs for the Heart Failure Nursing course conducted on May 20th – 1-5:30 pm

Saturday, May 21st, 2016

Chronic Total Occlusion Interventions - What Role, What Evidence?

William Lombardi, MD, University of Washington

Hemodynamics in Cath Lab - What You Should Know... or Have Long Since Forgotten

Zoltan Turi, MD, Rutgers Robert Wood Johnson Medical School

Optical Coherence Tomography - Will It Relegate IVUS to the History Books?

William Lombardi, MD, University of Washington

What Happens When the Congenital Heart Patient Grows Up?

Luke Burchill, MD, OHSU Center for Health and Healing

Bridging Therapy – “A Bridge too Far?” or “A Bridge to No Where?”

James Fang, MD, University of Utah

LUNCH - Fellows Case Study Presentations – 3 Presentations Fellows

Ben Lee, MD – Samaritan Heart and Vascular Institute

Allen Rassa, MD – OHSU

Mrinal Yadava, MD - OHSU

Congestive Heart Failure – With Preserved Ejection Fraction - Does Anything Really Work or Are We Just Rearranging the Chairs on the Deck of the Titanic?

James Fang, MD, University of Utah

PCSK9 Cholesterol Reduction - Narnia vs Medicare Bankruptcy?

Sergio Fazio, MD, PhD, Knight Cardiovascular Institute at OHSU

Left Atrial Closure - Indications and Options

David Holmes, MD, Mayo Clinic

Platelet Biology Tailored to the Acute Coronary Syndrome

Ian Sarembock, MD, Ohio Heart & Vascular Center

Sunday, May 22nd, 2016

Independent CME Breakfast - Chronic Heart Failure – Expanding the Toolbox of Therapeutic Options

Rockpointe - Gregg Fonarow, MD, Ahmanson-UCLA Cardiomyopathy Center

Bariatric Surgery & Heart Disease - A Pound of Flesh - What’s the Return on Divestment?

Sheldon Litwin, MD, Medical University of South Carolina

High Sensitivity Troponins - Chaos in the ER?

Allan Jaffe, MD, Mayo Clinic

When is a STEMI not a STEMI?

Malissa Wood, MD, Massachusetts General Hospital

The Pregnant Cardiac Patient and You Are on Call - Nowhere to Run...Nowhere to Hide!

Nandita Scott, MD Massachusetts General Hospital

The History and Science Behind the New High-Performance CPR

Peter Kudenchuk, MD, University of Washington

William Harvey’s Circulation, A Paradigm Shift of the 17th Century

Brian Morrison, MD, Southern Oregon Cardiology

12th Annual Oregon Cardiovascular Symposium – Sheraton Portland Airport Hotel
Saturday, June 6th – 7:00 am – 5:20 pm; Sunday, June 7th – 8:00 am – 12:00 pm
2014 – 11.25 CME Hours and 11.5 CEUs
3 Hours of CEUs for the Heart Failure Nursing course conducted on June 5th – 1-4 pm

Saturday, June 6, 2015

New Cholesterol Treatment Guidelines - A Paradigm Shift

Neil Stone, MD, Northwestern University

Hypertension Guidelines - Are We Pressured to Change?

William Cushman, MD, University of Tennessee College of Medicine

Diet Guidelines - Black and White and 50 Shades of Grey

Christopher Gardner, PhD, Stanford University

Stroke Prevention in Non-Valvular Atrial Fibrillation

Thomas Dewland, MD, OHSU – Knight Cardiovascular Institute

LUNCH - Fellows Case Study Presentations

#1 - A Complex Case of Left Ventricular Hypertrophy - Sahar Taqui, MD – OHSU

#2 - Weather by the Storm: A Case of Incessant VT - Ted Foster, DO – Corvallis

#3 - A Clip of History - Carrie Puckett, MD - OHSU

Contemporary Approach to the Diagnosis and Management of Hypertrophic Cardiomyopathy (HCM)

Marty Maron, MD, Tufts Medical Center

Inside or Outside of the Heart – The Future of Implantable Pacemakers and ICDs

Jeanne Poole, MD, University of Washington

Fifty Years of Valve Replacement - The Effect of Prosthesis Choice on Long Term Outcomes

Anthony Furnary, MD, Starr-Wood Cardiac Group

Social Media and the Future of Healthcare and Technologies - A Tsunami Awaits ... And You Can Still Catch the Wave!

Nate Gross, MD, Doximity/Rock Health

Sunday, June 7, 2015

BREAKFAST - Independent Heart Failure CME Breakfast - The Complexities of Heart Failure: Novel Approaches for Management of Resistant Heart Failure

James Udelson, MD, Tufts Medical Center

Maintenance of Certification (MOC) – (Cascade Ballroom) - ABIM 2015 Update in CV Disease

Brian Gross, MD, Southern Oregon Cardiology and Saurabh Gupta, MD, OHSU – Knight Cardiovascular Institute

ACC.org, CardioSmart, and Current/Future Apps from the ACC - Cardiology at Your Fingertips

Ty Gluckman, MD, Providence Heart and Vascular

Critical Limb Ischemia - Keeping a Leg Up (on) this Disease

Ethan Korngold, MD, Providence Heart and Vascular

Cardio-Oncology - Iatrogenic Cardiac Disease - Is This the Price of Life?

Stephen Heitner, MD, OHSU – Knight Cardiovascular Institute

CV Summit Review and ACC's Exciting Future!

Rick Chazal, MD, Lee Memorial Health System

Behavioral Psychology of the Cardiac Patient - Freud behind the Stethoscope

Adrienne Kovacs, MD, Toronto Congenital Cardiac Centre

11th Annual Oregon Cardiovascular Symposium – Sheraton Portland Airport Hotel
Saturday, June 7th – 7:00 am – 5:20 pm; Sunday, June 8th – 8:00 am – 12:00 pm
2014 – 10.5 CME Hours

Saturday, June 7, 2014

Takotsubo Cardiomyopathy - A Sheep in Wolf's Clothing

Scott Sharkey, MD, Minneapolis Heart

End Stage Systolic Heart Failure, When to Do What? When the End May Not Be the End

Nir Uriel, MD, University of Chicago

How to Prevent Heart Failure Readmissions - Stopping the Revolving Door

Clyde Yancy, MD, Northwestern

Ischemic Cardiomyopathy, Who to Revascularize? Why and With What Evidence? Metal Wires, Metal Stents or Why Meddle?

Robert Bonow, MD, Northwestern

LUNCH - Fellows Case Study Presentations: Geriatric Syncope; STEMI: You Better Shake a Leg; Chest Pain Has Never Been More Clear

OHSU and Corvallis Fellows - Lisa Lemond, MD – OHSU; Ben Hudson, MD – Corvallis; Brian Mott, MD – OHSU

Beyond Guidelines, the Relevancy of the ACC in 2014 and Beyond

Shal Jacobovitz, ACC

Atypical AS Presentation. Low Gradient, Low Output AS. Low Gradient, nl EF - Same Song, Different Verse

Shabudin Rahimtoola, MD, USC

Left Main Disease, Assessment and Treatment, Imagers, Interventionalists and/or Surgeons?

Mike Ragosta, MD, University of Virginia

Patent Foramen Ovale (PFO) - Much Ado About Nothing?

Brian O'Murchu, MD, Temple

Sunday, June 8, 2014

Maintenance of Certification (MOC) - 2013 Module - ABIM 2013 Update in CV Disease

Brian Gross, MD, Southern Oregon Cardiology; Saurabh Gupta, MD, OHSU

Stroke Prevention in Atrial Fibrillation. New Oral Anti-Coagulants - No More INRs

Ashkan Babaie, MD, Providence Arrhythmia Service

Airline Cardiac Emergencies - This is Your Pilot Speaking...If There a Physician on Board, Please Identify Yourself to the Flight Attendant!

Brian Gross, MD, Southern Oregon Cardiology

Coronary Artery Calcification and Subclinical Atherosclerosis

Michael Shapiro, MD, OHSU

Thoracic Aortic Disease - Enlarging, Perforating or Dissecting....Is It All Still Bad?

Eric Kirker, MD, Providence

Innovation in Cardiovascular Disease: An Inside View

Albert Starr, MD, OHSU

10th Annual Oregon Cardiovascular Symposium – Sheraton Portland Airport Hotel
Saturday, June 8th – 7:00 am – 5:30 pm; Sunday, June 9th – 8:00 am – 12:30 pm
2013 – 11.5 CME Hours

Preceded by the 2nd STEMI Summit on Friday, June 7, 2013

Saturday, June 8, 2013

Evaluation of Ischemia in the Cardiac Catheterization Laboratory

Morton Kern, MD, Wadsworth VAMC, LA, CA

Medical Therapy Versus Revascularization

Bernard Gersh, MD, Mayo Clinic, Rochester MN

Appropriate Use Criteria in CAD

Manesh Patel, MD, Duke University Medical Center

What Exactly is Optimal Medical Therapy

Pat O’Gara, MD, Brigham and Women’s Hospital

Coronary Disease...Where We Came from and Where We are Going

David O. Williams, MD, Brigham and Women’s Hospital Harvard University

Insights into the Nature & Treatment of Stable Ischemic Heart Disease - SATELLITE CME Lunch

Robert Kloner, MD, Keck School of Medicine and Prakesh Deedwania, MD, UCSF School of Medicine

Fellows Case Presentations with Panel Discussion by the Morning Speakers

North Noelck, MD and Divya Soman, MD, (OHSU Fellows)

The Asymptomatic Patient with Aortic Stenosis and Mitral Regurgitation

Blasé Carabello, MD, VAMC Houston and Texas Heart Inst.

Those Troublesome Troponin Bumps...Are All Created Equally?

Robert Jesse, MD, Medical College of Virginia

My Patient is on Four Drugs and Still Hypertensive...Now What?

David Ellison, MD, OHSU

I Can See Clearly Now...the Role of CMR in Today's Clinical Cardiology Practice

Chris Kramer, MD, University of Virginia

Sunday, June 9, 2013

Maintenance of Certification (MOC) - 2012 Update in Cardiovascular Disease

Brian Gross, MD, Southern Oregon Cardiology

ECG Potpourri (with audience response)

Sandra Lewis, MD, NWCI, Portland OR

The Holter is Littered with PVCs – Harbinger of Doom or Much Ado About Nothing?

Peter Kudenchuk, MD, University of Washington

Natural Approaches to Treatment of Cardiometabolic Syndrome

Mimi Guarneri, MD, Scripps Clinic

Lipids and Primary Prevention. When and How Should We Treat?

Peter Jones, MD, Baylor

PTSD and the Heart: More Common Than We Think

Peter Banitt, MD, Pacific Heart, Portland OR and Susan Pease Banitt, LCSW

Death and Dying – Rethinking the Optimal Strategy

The Honorable US Representative Earl Blumenauer, Oregon

9th Annual Oregon Cardiovascular Symposium - DoubleTree Lloyd Center Hotel
Saturday, June 2nd - 7:00 am - 5:30 pm; Sunday, June 3rd - 8:00 am - Noon
2012 - 11.5 CME Hours

Saturday, June 2, 2012

Cardiovascular Screening Imaging Tests in Asymptomatic Patients - Digging for Gold or Asking for Trouble?

Rita Redberg, MD, FACC, MSc, UCSF Medical Center

Cardiovascular Effects of Cancer Therapy: The Culprits and New Screening Approaches

Ed Yeh, MD, FACC, The Univ. of Texas - MD Anderson Cancer Center

Two Case Presentations that May Change Your Practice

Cardiology Fellows, OHSU

ACS in the Era of Choices for Antiplatelet and Antithrombotic Therapy

David Moliterno, MD, FACC, Univ. of Kentucky Medical Center

Beyond Resuscitation for Out of Hospital Sudden Cardiac Death - Angio and ICD for All?

John DiMarco, MD, FACC, David Moliterno, MD, FACC

Lunch - Satellite CME - CVD Risk Reduction and Lipid Management: State of the Science in HDL Therapy

Robert Rosenson, MD, FACC, Mount Sinai Medical Center, Michael Shapiro, DO, FACC, OHSU

Behind the Surgical Curtain - Applying Knowledge of OR Procedures to Recognize Post-op Complications

Michael Mack, MD, FACC, Baylor Health

Percutaneous Options for Mitral Regurgitation - Clip, Push and Spear

Saibal Kar, MD, FAHA, FACC, Cedars-Sinai

The Burning Question: When to Ablate Atrial Fibrillation? And How?

John DiMarco, MD, FACC, Univ. of Virginia

The Palliative Pump: Ventricular Assist Devices

Ranjit John, MBBS, FACC, Univ of Minnesota - CT Surgery

Problem Solving with Pacers and ICDs

Eric Stecker, MD, FACC, OHSU

Peripheral Arterial Disease - Diagnosis and Management

Greg Moneta, MD, FACS, OHSU

The Multidisciplinary Valve Clinic - What is a Heart Team?

Michael Mack, MD, FACC, Baylor Health, Saurabh Gupta, MD, FACC, FSCAI, OHSU, Jeff Swanson, MD

Online Resources for the Clinician

Mark Huth, MD, FACC, Southern Oregon Cardiology

Sunday, June 3, 2012

Cardiovascular Disease in the Pregnant Patient

Martha Grogan, MD, FACC, Mayo

Defining Appropriate Use of PCI in 2012

Ralph Brindis, MD, MOH, MACC, Past President ACC, Kaiser Permanente

Lipoproteins, Particle Size, Particle Number, and PLA2 - Is it Worth the Effort?

Richard Wright, MD, FACC, Pacific Heart

Ethics and End-of-Life Approaches to the Patient with End-stage Cardiovascular Disease

Sarah Goodlin, MD, FACC, VA Hospital

2011 Oregon Cardiovascular Symposium - Doubletree Lloyd Center Hotel
Saturday, June 4th - 7:00 am - 5:30 pm; Sunday, June 5th - 8:00 am - Noon
2011 - 12.5 CME Hours

Saturday, June 4th

TAVI: Replacing the Aortic Valve with the Engine Running

Raj Makkar, M.D., F.A.C.C., Cedars-Sinai Medical Center

Treatment of Mitral Regurgitation: The Goldilocks Decision: The Right Procedure, The Right Time, The Right Place

Hartzell Schaff, M.D., F.A.C.C., Mayo Clinic

Case Study #1: 70 year-old-male with critical aortic stenosis and end stage cardiomyopathy

Khidir Dalouk, M.D., OHSU Fellow

The Quality Agenda in Cardiovascular Care

William Zoghbi, M.D., F.A.C.C., Methodist DeBakey Heart & Vascular Center

Lunch— Sex and Heart Disease: Who Can, Who Can't and Who Shouldn't

Brian Gross, M.D., F.A.C.C., Southern Oregon Cardiology

Case Study #2: 32 year-old-male with complex VSD closure

Sajeevani Kim, M.D., OHSU Fellow

Multivessel CAD....Medicine, Angioplasty or Surgery?

Shabudin Rahimtoola, M.D., M.A.C.C., LAC USC Medical

3-D Echo: Avatar in the Chest

Lissa Sugeng, M.D., F.A.C.C., Yale Medical Group

Platelets: More Important and Complicated Than Ever in Acute Coronary Syndromes

David Moliterno, M.D., F.A.C.C., University of Kentucky

Case Study #3: 50 year-old-female with severe shortness of breath

Manish Mehta, M.D., OHSU Fellow

Cardiovascular Manifestations of Systemic Disease:

Michael Crawford, M.D., F.A.C.C., UCSF Medical Center

An Inconvenient Choice - Pulmonary Artery Systolic Pressure of 43 mmHg: Is a Work-Up for Pulmonary Hypertension Warranted?

Michael McGoon, M.D., F.A.C.C., Mayo Medical School

Screening Teenagers and Young Adults for Athletics: Where is the Tipping Point?

Michael Crawford, M.D., F.A.C.C., UCSF Medical Center

Sunday, June 5, 2012

STAT-1: Emergency Department Assessment and Treatment of the Cardiac Patient

Kanu Chatterjee, M.B., F.A.C.C., University of Iowa

Obesity and Heart Disease: A Single Generational Epidemic

Sheldon Litwin, M.D., F.A.C.C., Medical College of Georgia School of Medicine

The Adult with Congenital Heart Disease: Pediatric and Adult Cardiologists Facing Role Reversals

Craig Broberg, M.D., F.A.C.C., OHSU

Syncope: Going to Ground and the Cardiovascular Assessment

John McAnulty, Jr., M.D., F.A.C.C., Legacy Heart Services

Championing Life, One Hurdle at a Time

Alberto Salazar, Champion Long Distance Runner, Director of Marketing, Nike, Inc.

Sunday, June 5, 2011

8:00 am – Noon

Maintenance of Certification (MOC) Course

2010 Oregon Cardiovascular Symposium - Doubletree Lloyd Center Hotel
Saturday, June 5th - 7:00 am - 6:15 pm; Sunday, June 6th - 8:00 am - Noon
2010 - 12.5 CE Hours

Saturday, June 5, 2010

Coronary Heart Disease and The Millennial Woman

Nanette Wenger, M.D., M.A.C.C., Emory University School of Medicine

Percutaneous Approach to Stroke Prevention

Zoltan Turi, M.D., F.A.C.C., Robert Wood Johnson School of Medicine

Case Study 1 - Angina: Role of Endothelial Dysfunction and Lipid Intervention

Nandita Gupta, M.D., OHSU Fellow, OHSU

STEMI Systems Across the Country

Ivan Rokos, M.D., F.A.C.C., Northridge Hospital Medical Center

Lunch Keynote Speaker - Cost of Care

Ralph Brindis, M.D., M.P.H., F.A.C.C., Oakland Medical Center, President of the American College of Cardiology

Case Study 2 - CHF - From Failure to Success in the Age of Advanced Therapy for Chronic Systolic Dysfunction

Chad Carr, M.D., OHSU Fellow, OHSU

Heart Failure Crossfire - 1 - Assist Device will be Cost Effective and Replace Medical Therapy and Transplantation

Tim Icenogle, M.D., F.A.C.C., F.C.C.P., F.A.C.S., Sacred Heart Medical Center

Heart Failure Crossfire - 2 - Medical Therapy and CRT will Eliminate the Need for Expensive Assist Device and Transplantation and Will Be Cost Effective

Sharon Hunt, M.D., F.A.C.C., Stanford University

Heart Failure Crossfire Debate - Moderators

Howard Song, M.D., PhD, F.A.C.C., OHSU and Antony Kim, M.D., OHSU

Case Study 3 - Atrial Fibrillation - Strategies for Rhythm Control

Christopher Chien, M.D., OHSU Fellow, OHSU

Atrial Fibrillation Crossfire - 1 - Medical Management is the Preferred Treatment Strategy for AF Patients

Peter Kudenchuk, M.D., F.A.C.C., University of Washington

Atrial Fibrillation Crossfire - 2 - Surgical Management is the Preferred Treatment Strategy for AF Patients

Hartzell Schaff, M.D., F.A.C.C., Mayo Clinic

Atrial Fibrillation Crossfire - 3 - Catheter-Based Management is the Preferred Treatment Strategy for AF Patients

James McClelland, M.D., F.A.C.C., Oregon Cardiology

Atrial Fibrillation Crossfire Debate - Moderator

Eric Pena, M.D., F.A.C.C., Southern Oregon Cardiology

Sunday, June 6, 2010

Diastolic Heart Failure

William Little, M.D., F.A.C.C., Wake Forest Baptist University

Hypertrophic Cardiomyopathy

Hartzell Schaff, M.D., F.A.C.C., Mayo Clinic

Sleep Apnea and Cardiovascular Disease: From A(rrhythmias) to Zzzz

Michael Lefor, M.D., The Oregon Clinic

Beyond Angioplasty

James Revenaugh, M.D., F.A.C.C., Utah Heart Clinic

Lifestyle is Medicine (with a focus on Atherosclerosis)

Marc Braman, M.D., M.P.H., American College of Lifestyle Medicine

2009 Oregon STEMI Summit - Doubletree Lloyd Center Hotel - Day 1

Friday, May 29, 2009 - 1:00 -6:30 pm

2009 - 16.75 CE Hours

Friday, May 29, 2009

D2B Introduction with the National Perspective, Re: Quality Reporting and Pay for Performance

Ralph Brindis, MD, MPH, FACC - President-Elect of the American College of Cardiology

Oregon and US data presentation

Brian Gross, MD, FACC - The Heart Clinic of Southern Oregon & Northern California

Panel Discussion 1

Pre-Hospital - The Call from 911 to EMS

Ritu Sahni, MD, MPH - Medical Director, Oregon EMS - Moderator

Paul Rostykus, MD, MPH - Supervising Physician, Jackson County EMS

John Jui, MD, MPH - EMS Medical Director, Multnomah County

Doug Kelly - EMS Chief, Redmond Fire and Rescue

Dick Virk, MD - EMS Medical Director, Hood River

Panel Discussion 2

Emergency Dept. - Never too Busy for Chest Pain or any Cardiac Possibility

Ritu Sahni, MD, MPH - Medical Director, Oregon EMS - Moderator

Mary Barnum, RN, BSN - STEMI and Trauma Coordinator, Asante Health System

Tim Lewis, MD - Providence Portland Medical Center

Erin Burnham, MD - EMS Director, North Central Oregon

Dan Handel, MD, MPH - President, Oregon Chapter of the American College of Emergency Physicians

Exhibits and Roundtable Breaks

Panel Discussion 3

Cath Lab - Ready for Action 24/7- Where Preparation Saves Minutes

Brian Gross, MD, FACC - The Heart Clinic of Southern Oregon & Northern California - Moderator

Peter Banitt, MD, FACC - Pacific Heart Associates

Joaquin Cigarroa, MD, FACC - Director, Cardiac Catheterization Labs - OHSU

Bruce McLellan, MD, FACC - Heart Center, St. Charles Medical Center

Panel Discussion 4

Administration - The Win-Win Scenario - Patients Saved and Quality Gained

Joshua Wynne, MD, MBA, MPH - Professor of Medicine, Univ. of North Dakota School of Medicine - Moderator

Kristy Wayson - Administrator, Providence Health Systems

Janet Hansen-Tracy, RN, MPH - Manager, Legacy Good Sam. Cardiac Cath/Angio Lab

Roy Vinyard - President and CEO, Asante Health System

Exhibits and Roundtable Breaks

Public Reporting - Does It Improve or Harm Health Care Delivery?

Zoltan Turi, MD - Professor of Medicine, Robert Wood Johnson Medical School

Financing the Program

Joshua Wynne, MD, MBA, MPH - Professor of Medicine, Univ. of North Dakota School of Medicine

STEMI Summit Wrap-Up: The Next Step!

Mike Widmer, MD, FACC - Governor, Oregon Chapter of the ACC

2009 Oregon Cardiovascular Symposium - Day 2
Saturday, May 30, 7 am - 5 pm and Sunday, May 31, 8:00 am - 12:00 pm

Saturday, May 30, 2009

Management of CAD in the Very Elderly Patient

Ralph Brindis, MD, MPH, FACC - President-Elect of the American College of Cardiology

ECHO Pearls and Pitfalls

Joshua Wynne, MD, MBA, MPH - Professor of Medicine, Univ. of North Dakota School of Medicine

Case Study 1 - Hypoxia Complicating an Acute Myocardial Infarction

Stacey Clegg, MD - Fellow, Cardiovascular Medicine, OHSU

Cath Lab Hemodynamics: Pearls and Pitfalls

Zoltan Turi, MD - Professor of Medicine, Robert Wood Johnson Medical School

Lunch and Oregon Health Fund Board Speaker

Eileen Brady - Vice Chair, Oregon Health Fund Board

Case Study 2 - Heart Failure with Echo Imaging

Tim Jacobson, MD - Fellow, Cardiovascular Medicine, OHSU

1st Crossfire - Treatment of Chronic Stable Angina - Do We Have the COURAGE?

Bernard Gersh, MB, ChB, DPhil, FRCP, FACC - Professor of Medicine, Mayo Clinic

1st Crossfire - Invasive Management of Chronic Stable Angina

Joaquin Cigarroa, MD, FACC - Director, Cardiac Catheterization Labs, OHSU

1st Crossfire Debate - Conservative vs. Invasive Management of Angina

Vince Reyes, MD, FACC - Education Chair, Oregon Chapter of the ACC

Case Study 3 - Myocarditis with MRI Imaging

Brian Davidson, MD - Fellow, Cardiovascular Medicine, OHSU

2nd Crossfire - Traditional Biochemical Markers in the Risk Stratification and Treatment of Atherosclerotic Vascular Disease

Bart Duell, MD - Associate Professor of Medicine, Division of Endocrinology, Diabetes and Clinical Nutrition,
OHSU Director of Metabolic Disorders Clinic

2nd Crossfire - Non-Traditional Biochemical Markers in the Risk Stratification and Treatment of Atherosclerotic Vascular Disease

Jay Heinecke, MD - Karasinski Chair of Metabolic Research, University of Washington

2nd Crossfire Debate - Traditional vs. Non-Traditional Biochemical Markers in the Risk Stratification and Treatment of Atherosclerotic Vascular Disease

Sandra Lewis, MD, FACC - Governor-Elect, Oregon Chapter of the ACC

Sunday, May 31, 2009

Cardiologist Management of Tobacco Dependence: The Most Important Modifiable Cardiac Risk Factor

David P.L. Sachs, MD, Director, Palo Alto Center for Pulmonary Disease Prevention

Pregnancy and Heart Disease

Afshan Hameed, MD - Associate Clinical Professor, Division of Maternal Fetal Medicine
University of California Irvine, School of Medicine

Endocarditis Prophylaxis

Greg Larsen, MD - Chief of Cardiology, Portland VA Medical Center

Preoperative Evaluation for Non-Cardiac surgery

Ty Gluckman, MD - Columbia Cardiology

Diseases of the Aorta

Storm Floten, MD, FACC - Starrwood Cardiac Group

"Treating and Preventing Ischemic Heart Disease: Which Diet and Lifestyle Choices Improve Outcomes?"

Miles Hassell, MD - Providence St. Vincent Medical Center

2008 Oregon Cardiovascular Symposium
Doubletree Lloyd Center Saturday May 17, 2008 and Sunday May 18, 2008
2008 - 10.75 CE Hours

Saturday, May 17, 2008

Cardiology Crossfire Imaging - Functional and Anatomical

Coronary Anatomy is Sufficient to Guide Therapeutic Decisions

Kenneth Rhoads, MD

Coronary Anatomy is Not Sufficient to Guide Therapeutic Decisions

Sanjiv Kaul, MD

Cardiology Crossfire - Functional vs. Anatomical Imaging

GT Krishnamurthy, MD

Cardiology Case Study - #1 - The Good, The Bad and The Ugly

Scott Chadderdon, MD

Tako-Tsubo Cardiomyopathy

Peter Banitt, MD

Lunch Speaker - Transforming Healthcare from the Inside Out

Jim Dove, MD

Cardiology Crossfire Valvular Disease - Traditional and New Approaches

Cardiology Case Study - #2 - The Good, The Bad and The Ugly

Jill Gelow, MD

Asymptomatic Patient with Severe Aortic Stenosis

Shabudin Rahimtoola, MD

Improved Decision-Making on Valve Replacement Devices

Eric Jamieson, MD

Percutaneous Aortic Valve Replacement and Mitral Valve Repair

Rajendra Makkar, MD

Cardiology Case Study - #3 - The Good, The Bad and The Ugly

Balaji K. Tamarappoo, MD

Cardiology Crossfire - Valvular Disease Crossfire

Pasala Ravichandran, MD

Sunday, May 18, 2008

New Developments in the Diagnosis and Treatment of Pulmonary Arterial Hypertension

Cathy Markin, MD

Adults with Congenital Heart Disease: What All Cardiologists Should Know

George Pantely, MD, Craig Broberg, MD

Peripheral and Carotid Disease: Do I Need to Know More?

Brad Evans, MD

CHF: New Challenges and Opportunity

Albert Camacho, MD

Oregon Cardiovascular Symposium - Portland Art Museum

April 20 - 21, 2007

2007 - 13 CE Hours

Atrial Fibrillation: Rate vs. Rhythm Control - Does it Matter?

Jack McAnulty

"Fry or Freeze": Atrial Fibrillation Ablation in 2007

Mike Antimisiaris

Surgical Options for Atrial Fibrillation: Mini Maze

Randall Wolf, MD

Cardiology Crossfire: Approaches to Atrial Fibrillation; What is the State of the Art in 2007?

(Triple Cardiology Presenting Team)

Lunch and Health Care Reform in 2007 - Oregon Style

Oregon Senator Alan Bates

Drug Eluting Stents - Simply the Best

Joaquin Cigarroa, MD

"Bare is Better" - Why we Need to Reconsider DES

Sanjay Kaul, MD, FACC

Coronary Artery Bypass Grafting is Still the Best Treatment for Multivessel and Left Main Disease

David Taggart, MD

Cardiology Crossfire: Approaches to Multi-Vessel CAD; And the Winner is.....?"

(Triple Surgery Presenting Team)

Smoking Cessation: How to Achieve it Successfully

David P.L. Sachs

Cardiology Core Curriculum - April 21, 2007

CPR Anytime

Cheryl Woodruff

When Aggressive Lipid Management Isn't Enough

Ty Gluckman

Defining and Treating Diastolic Dysfunction

Jonathan Linder, MD

Echo Parameters of Left Ventricular Dysynchrony

Kevin Wei

Refractory CHF: What are the Options?

Rami Alharethi

2006 Symposium – Portland Art Museum

May 5, 2006

2006 – 6.5 CE Hours

CT Angiography – Should you have one in your office?

Matt Budoff, MD

Alternative Imaging Modalities in 2006

Advanced Lipid Therapy: Apo-1-Milano, CETP Inhibitors and Beyond

James Forrester, MD

Cardiology Crossfire – CT Angiography

Matt Budoff, MD, Bruce Brundage, MD

Cardiology Crossfire – Lipid Therapy

James Forrester, MD, Sandra Lewis, MD

“On the Road to Revolution... Fear and Loathing in the US Healthcare System”

Governor John Kitzhaber

Percutaneous Valve Therapy – How long should I wait?

Stan Rowe

Stem Cell Therapy for Congestive Heart Failure

Doris Taylor

Cardiology Crossfire – Percutaneous Valve Therapy

Stan Rowe, Albert Starr, MD

Cardiology Crossfire – Stem Cell Therapy

Doris Taylor, Kenton Gregory, MD

The Socioeconomic Ethics of Saving End-Stage Cardiac Patients' Lives

E. Havvi Morreim, Ph.D.

2005 Symposium - Oregon Convention Center
Friday, May 14, Saturday May 15, 2005
2005 - 10.75 CE Hours

Hot Topics from ACC Scientific Session

Sandra Lewis, M.D.

Depression and Heart Disease

Wayne Sotile, M.D.

Lipid Targets - Is Lower Better and Is Better Good Enough?

Speaker TBD

Metabolic Syndrome

Doug Dawley, M.D.

ACC National/Political/Gov. Perspective

Ralph Brindis, M.D.

Physicians and Other Medical Professionals and the Management of Very Busy Lives

Wayne Sotile, M.D. - Friday Lunch

Electrophysiology/Resynchronization Therapy

Leslie Saxon, M.D.

EP - Maze Procedures

Afib/Ablation

Leslie Saxon, M.D.

Women and Heart Disease

Sandy Lewis, M.D.

Acute Coronary Syndrome/ Intervention Project

Brian Gross, M.D.

Interactions Between Naturopathic and Cardiac Meds

Chris Meletis, M.D.

Saturday, May 15, 2005

Sex and Heart Disease

Brian Gross, M.D.

COX-2 and the Heart: Some Inflammatory Remarks

Jim Rosenbaum, M.D.

CHE/GAP

Mark Huth, M.D.

New Imaging Modalities - Is the Cath Lab Dead?

Bruce McLellan, M.D. - Round Table

2004 Symposium – Portland Marriott

Friday, April 30, 2004

2004 – 10.75 CE Hours

Friday, April 30, 2004

Pathophysiology of Atherosclerotic Heart Disease

Stuart E. Trenholme, M.D., FACC

What is High Sensitivity CRP and How do I Use It?

Sandra Lewis, M.D., FACC

The Metabolic Syndrome – The Tip of the Ice Berg

John Brunzell, M.D.

New Lipid Markers in Coronary Artery Disease

John Brunzell, M.D.

Diagnosis and Current Treatment of Stable Angina Pectoris

Bradley Titus, M.D., FACC

Sex and Heart Disease

Brian Gross, M.D., FACC

Lunch Talk: Liability Reform Talk

OMA Speaker

The Acute Coronary Syndrome and Acute Myocardial Infarction - How Has The Therapy Changed?

Crispin Davies, M.D., FACC

Risk Stratification Following an Acute Myocardial Event and Prevention of Future Coronary Event

Vincent Reyes, M.D., FACC

The Pathophysiology of the Failing Heart

Ranae Ratkovec, M.D., FACC

BNP In Primary Care: Pitfalls and Promise in Practice

Kirk Walker, M.D., FACC

Saturday, May 1, 2004

Current Management of the Heart Failure Patient

Raymond Hershberger, M.D., FACC

New Therapy and Strategies for Acute and Chronic Heart Failure

Kathy A. Crispell, M.D., FACC

Prevention of Heart Failure in Aortic Valve Disease

Shahbudin H. Rahimtoola, M.D., MACC

Hybernating Myocardium

Shahbudin H. Rahimtoola, M.D., MACC

Device Therapy for the Failing Heart: What the Practicing Physician Needs to Know

Mark Silver, M.D., FACC

The Oregon GAP (Guidelines Applied to Practice)

Richard Schaefer, M.D., FACC
